

OREGON OFFICE OF STATE FIRE MARSHAL FIRE PREPAREDNESS CHECKLIST

IS YOUR FAMILY PREPARED?

When it comes to **smoke alarms** and **fire escape plans** they can save your life!

81% of Oregon home fire deaths resulted from fires in homes with **inoperable smoke alarms** or **no smoke alarms**.

50%

of fatal home fires in Oregon occur between 11 p.m. and 7 a.m.

4X

Working smoke alarms make you four times more likely to survive a home fire.

- All of your smoke alarms work and are installed properly.
- There are smoke alarms on every level of your home.
- You have smoke alarms inside and outside of all the sleeping areas.
- Your smoke alarms are less than 10 years old.
- Every month, your smoke alarms are tested.

In a home fire, you may have less than **three minutes** to escape.

- There is a fire escape plan for your home.
- Your entire family practices your plan twice a year.
- There is a designated family meeting place outside.
- Your family keeps exits clear and knows two ways out of every room.
